

## *Can Man Live Without God?*

By: Ravi Zacharias

Apologetics scares many fine people, especially when dealing with Atheism. We believe that such subject matter needs to be left to the “experts.” If such a thing finds you rattling in your boots, this book is for you. Ravi takes on this subject with an uncanny ability to bring this matter to the level of the novice in all of us. The book is encouragingly short and Ravi writes to the point of the matter regarding issues on the existence of God.

His anecdotes and examples are pleurably humorous, breaking any fear of dry interaction with presuppositions and worldviews. Picking up the book, one will notice the encouraging thinness of size. Its readability, length, and direct nature makes this book a winner which needs to be on every Christian’s bookshelf.
